

Soil health workshops

Your soil is your most important asset

Friday, 21 November and Friday, 5 December 2014

You are invited to attend these two workshops. The workshops will provide you with practical tools to measure key soil attributes. You will practice key skills in assessing paddocks using on-farm assessment techniques and through soil testing.

The workshops will assist you to make informed farm management decisions to achieve positive outcomes for soil health and condition and farm profitability.

When:	Friday, 21 November and Friday, 5 December 2014
Time:	9:30 am to 3:30 pm
Catering:	Morning tea and lunch provided A cost of \$25 will cover attendance at both days.
Registration:	BOOKINGS ESSENTIAL. For further information and to RSVP please contact Rebecca Bradley at South East Local Land Services, Braidwood (02) 4842 2594 or email Rebecca.bradley@lls.nsw.gov.au

About the event

- Day 1:** Learn how to understand and assess the soil ecosystem in a paddock and use various indicators to objectively determine soil health in the paddock; and get hands-on by carrying out basic soil health assessment and monitoring activities.
- Day 2:** Learn how to interpret a comprehensive soil test and identify any soil condition restraints that may have an impact on your farms' productivity. A recent soil test of areas of your property is required for this workshop.

For more information, contact Rebecca Bradley.
